

Marsh Farmhouse, Swimbridge, Devon

Newly renovated, spacious four bedroom, 15th, Grade II (star) farmhouse. Nestled in a countryside location that is part of a heritage Farm Park.

The farmhouse kitchen has an Aga as well as microwave and electric oven. There is a wood burner in the beamed front room that supplements the central heating.

Marsh Farmhouse sleeps up to 9 plus cot, and because it is on the edge of a beautiful Farm Park, there are also options for stabling and fishing on site.

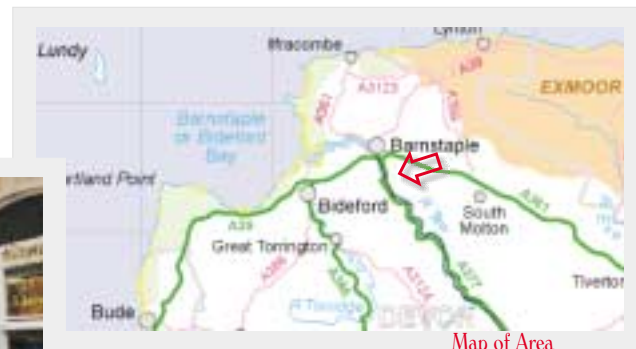

The grounds extend to 60 acres and boast much fauna and wildlife. There are rivers, lakes, ponds, hills, fields, woodland and lime kilns to explore during the day when the Park is open. Also there are friendly farm animals to play with as the visitors to Marsh Farmhouse will have a free pass to the facilities during April to October!

In the evening when the Park is closed, there are still plenty of areas open to you and some privacy. There are many good pubs and eating places to visit as well as shopping in the historic town of Barnstaple (only 3 miles away).

At Barnstaple, there is train station that will take you to Exeter and beyond or you may prefer cycling on the unique Tarka Cycle Trail that covers over 30 miles.
